**DECISION:**  
**Case Nos.: 12331, 128947, 130451, 131931**

Ms. Ross reported that the Committee found that after Dr. Broadaway completed 40 continuing education hours of hands-on endodontics and a Board-approved regional examination in endodontics and prosthodontics to comply with a Board Order entered May 29, 2009, he failed to properly diagnose and treat Patient A's tooth. On several occasions he delivered ill-fitting crowns with open margins and failed to completely fill the canals while performing root canals.

Dr. Broadaway used pre-fabricated posts, but billed patients for cast post and core crowns. He billed patients for services using his provider number when, in fact, another dentist in his practice provided the treatment. Dr. Broadaway failed to document the

diagnosis and treatment rendered in the record for a patient in 2008.

After Dr. Broadway completed seven continuing education hours in recordkeeping and risk management pursuant to a Board Order entered May 29, 2009, he failed to include a diagnosis in the record for the prescription of amoxicillin to a patient and to include the type of cement used to reseat a crown.

The sanctions reported by Ms. Ross were that Dr. Broadway would be continued on indefinite probation subject to certain terms and conditions. Within 6 months from the date of entry of the Order, Dr. Broadway shall complete not less than 7 hours of continuing education in diagnosis and treatment planning and 7 hours of continuing education in radiographic diagnosis and interpretation; an unannounced records inspection shall be conducted with 20 patient treatment records whose treatment occurred after the date of entry of the Order, which will be reviewed by Board members. Dr. Broadway is assessed a \$5,000 monetary penalty.

The Committee imposed no sanctions against Dr. Broadway for the violations that occurred prior to the orders entered May 29, 2009 and April 27, 2010 that were similar to the allegations adjudicated in those previous orders.

Dr. Gokli moved to adopt the decision of the Committee. The motion was seconded and passed.
